

GreaterSport Consultancy Support

To support GreaterSport's work and achieve the ambitions of both [GM Moving in Action](#) and Sport England's [Uniting the Movement](#), we need to be able to call on individuals and organisations to help with specific projects or areas of work that require additional capacity or specialist skills.

We are therefore developing a register of people/organisations with skills and capacity that we (and partners) can utilise on an ad hoc basis to support the movement and the work.

If you wish to be on our register, then please complete the form overleaf and email to office@greatersport.co.uk.

There is no guarantee of work, but we are hopeful that by taking this proactive approach, we will develop a more agile and adaptive way to draw on talent and capacity to support the movement.

GreaterSport Equality, Equity and Diversity

GreaterSport is committed to providing equal opportunities and promoting diversity, irrespective of ethnicity, age, gender identity, sexuality, disability, religion, pregnancy or personal circumstance. We ensure we consider lived experiences and personal circumstance when creating an equitable working environment, by promoting a safe, equal and respectful workplace.

Equality, Equity, Diversity and Inclusion is critical for the success of GreaterSport and the achievement of our vision. We are fully committed to treating all of our employees, job applicants and volunteers equally and equitably. As an employer, we aspire to being a diverse, inclusive and responsible organisation

Examples of work required:

The support that we may be looking for could be across any aspect of the GreaterSport work including marketing, project delivery, strategic advice, administrative, data management, research. Here are a few examples

- Additional capacity to support project management and delivery on specific time related pieces of work.
- Facilitation of locality-based and GM city region whole of system strategic conversations
- Analysis of national and local data sets to be able to tell the story of physical activity, movement and sport in a place.
- Support localities with engagement of communities and codesign of activities to enable greater opportunity for participation in physical activity, movement and sport.

How it would work:

GreaterSport would develop a brief outlining the work required, timescales, outcomes, and budget. We would then circulate the brief following our procurement regulations to select a

suitable individual / organisation to undertake the work based on those who have indicated an expertise in a particular area of work.

Commissions and contracts could be from £500 to over £25,000 depending on the scale and complexity of work required.

If GreaterSport partners were interested in using the register and working with organisations / individuals then they would contact direct and follow their own procurement processes.
