

Healthy active places

Leading, supporting and connecting

Culture

Leading the greater **understanding** and **integration** of health and activity with places and spaces.

Policy,
Guidance
& Tools

Supporting integration within the policy landscape to **embed healthy active principles consistently** across the system.

Systems

Supporting the translation of **ambition into action** and connecting across the system to embed **new ways of working**

Projects

Supporting integration within the **ambitions or design** of projects across GM and **sharing key learning and impacts.**

Spaces
and
People

Leading and supporting greater understanding and action to address **key spatial inequalities**; with focus on the experience of **women and girls**
