

# Bolton Place Partner Deepening Plans

2025-2028

## Target audiences

Low socio-economic and marginalised groups

## Target areas

Bolton wide

## Aims

Shift the way that public services work together. Establish a collaborative way of working which centres around our assets, aspirations, needs and interests of our local communities.

## Community power

Empower and upskill community groups and champions to guide direction of work

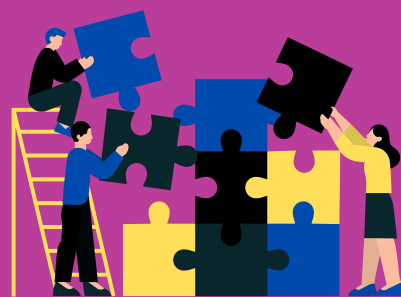

Create events where communities can come together share ideas and work towards common goals

## Collaboration across sectors

Continue to increase collaboration opportunities across the system, creating shared goals and bringing physical activity into wider conversations

Take learnings from GM Live Well Programme

Explore partnership with Bolton College to offer an accredited learning

## Champion ABCD

Widen ABCD training across the sector

Creative reflective spaces to discuss ABCD challenges and successes

Co-production training

## 2028 & beyond

Mainstream Place Partner roles. Connect up different learning and funding streams with similar goals and aspirations e.g. Grow community capacity through programmes such as GM Live Well, Fairer Health for All & Democratic Innovations Accelerator programme. Ensure physical activity as key to tackling health inequalities, and is embedded in strategies and across directorates.
